

Water-use Efficiency – Irrigation Lagoon

This is an old version of the page

Date published: 16 January, 2023

Date superseded: 14 February, 2024

For recent changes to this guidance, please see the [bottom of the page](#).

Aim

The aim of this item is to improve water-use efficiency by collecting and storing water in an irrigation lagoon. This will also help to protect water quality at times of low water availability due to low river flows.

Eligibility

The land must be within a catchment which drains to water bodies that are significantly impacted because of abstraction for agriculture.

Spatial targeting

[Map of target area – Water-use Efficiency – Irrigation Lagoon \(PDF, Size: 879.6 kB\)](#)

doc_external_url: <https://www.ruralpaymentsandservices.org/media/resources/AECS-Map-of-target-area---Water-use-Efficiency---Irrigation-Lagoon.pdf> This item is available within the target area shown on this map.

You can check if this option is available on your holding using the search targeting tool which can be found on any of the following AECS guidance pages:

[Management Options and Capital Items](#)

[Capital Items](#)

Application requirements

You must produce a diffuse pollution steering assessment.

Requirement

- you must hold an abstraction licence from the Scottish Environment Protection Agency
- the lagoon must be off-line (i.e. there should be no impounding works which hold back flows in wetlands, rivers, lochs and estuaries)
- you must obtain planning permission, or have confirmation that planning permission is not required for your proposed lagoon
- where a proprietary lining is used, a receipt for the liner will be required

Payment

Irrigation lagoon

The maximum payment for this option is restricted to £30,000 per business:

- £2.24 per cubic metre without a proprietary liner
- £6.25 per cubic metre with a proprietary liner

Collection of run-off from farm steadings roofs:

- underground drainage – £35.46 linear metre

Inspections

The inspectors will check:

- the location and extent of any irrigation lagoon
- that you have a receipt for a proprietary liner
- the length in metres of drainage to the lagoon
- the lagoon is offline and there are no impounding works which hold back flows in wetlands, rivers, lochs and estuaries

Additional guidance
